

## Sound START Mission

To ensure that families of infants and toddlers with a hearing loss receive comprehensive, unbiased information and support through regional consultation within the local *tiny-k* networks.

We're in it for the families.

## *What to Expect*

This training provides an opportunity for you to increase and refresh your knowledge and skills related to infants/toddlers with hearing loss

and their families.

The topics will be presented by professionals who have multiple years of experience with this population. The professionals include teachers of the deaf, audiologists, speech-language pathologists, and parents.

Presentations will follow evidence-based practices and support the Primary Coach approach to teaming.
